

The Guidance Center

Predoctoral Internship

Training Team Schedule

Training team meets for 1 hour, every week in Dr. Barnum's office, unless otherwise announced. We will adjust the time devoted to each topic based on the experience and needs of the group. After the first 1-2 months, the focus on training team will be on live supervision. The additional topics listed below will be substitute for live supervision in the event of cancellations, etc. All students and interns will participate in live supervision, both as observers and as therapists.
